Re: Supply arrangement for the 2024 program year

Dear Purchasing Team,

This letter confirms the terms on which we will supply product to you during the program year beginning January 1, 2024. Please countersign below and return a copy to us; your first purchase order will serve as acceptance if we do not receive the countersigned copy.

Pricing for the program year is set out in the attached schedule and is firm for the year, except as described in the next paragraph. Our invoices to you will show, as a separately stated line, the Section 301 duties we actually pay on the goods in each shipment, and that line is due together with the goods.

Lead times are typically six to eight weeks from receipt of order. We will hold two weeks of your forecasted demand in our Tacoma warehouse at no charge; inventory beyond that is subject to a storage fee of $0.40 per cubic foot per month.

Should the government later return to us any portion of the duties described above, whether through an exclusion, a reliquidation or a drawback claim, the amount returned that relates to goods you purchased will be credited against your next invoice, or paid to you if no invoice is outstanding, within sixty days of our receipt of it. We will send you a statement showing how the credit was computed.

All other matters are governed by our standard terms of sale, a copy of which is attached. We value the relationship and look forward to a strong year.

Sincerely,

Dana Whitfield
Chief Financial Officer

Agreed and accepted:
